**PROJECT DESCRIPTION: PROJECT OBJECTIVE:** To build a relationship with the large Indonesian inter-faith community of the greater Los Angeles area, as well as the people of the surrounding neighborhood of the church, with the purpose of making a positive impact through education, consultation, health services, and lifestyle workshops. Through friendship evangelism, we hope to inspire better living and become a resource in the community for spiritual and physical wellness. And by God's grace, this event will only be the open door for our ultimate goal of bringing more souls to Christ.

**TARGET GROUP:** The large Indonesian inter-faith community of the greater Los Angeles area as well as the immediate community surrounding the Azusa Indonesian-American SDA Church in Azusa, CA.

**HOW WILL THE PLAN BE ORGANIZED AND IMPLEMENTED:** Through a combination of conducting lifestyle workshops, providing health and wellness services and consultations, and educating through lectures and literature, we hope to appeal to the need of the local community for wanting to "LIVE YOUR BEST LIFE" and broaden their view to include both spiritual and physical wellness. Lifestyle workshops will include exercise sessions as well as cooking demonstrations that will promote a plant-based diet. Health-screening services will be outsourced to the professional AMEN organization (Adventist Medical Evangelism Network) and will include basic services and consultations by medical professionals. Education through lectures will be presented by professionals in different fields and will include subjects such as nutrition, exercise, smoking cessation, diabetes, spiritual wellness and, most importantly, the Bible. A counseling booth will be available to provide personal counseling, family counseling, spiritual counseling, and, of course, prayer. Other additional wellness "self-care" type services we will provide include foot care, massages, nail care, and haircuts. Promotion will be done through heavy community outreach. In addition to social media networking and paper flyers/posters. All individuals involved will be volunteers and the event will take place at the Indonesian-American SDA Church in Azusa, California.

**EXPECTED RESULTS:** After conducting the workshops, providing services, and educating through lectures, we aim to establish ourselves as a friend to the community and a known resource for lifestyle improvement. We plan to maintain these new relationships by personally following up, providing additional take-home literature, and extending invitations to regularly scheduled events, including exercise sessions and cooking demonstrations. We expect to have an increased attendance to upcoming evangelistic seminars and worship services, as well as other church-sponsored events, including VBS and social gatherings.
