**PROJECT DESCRIPTION: PROJECT OBJECTIVE:** A shared Community Service Center supported by 5 Seventh-day Adventist churches; Grace Point, Carmichael, Roseville, Citrus Heights, Woodside. One target is a shared center of service and witness providing services in one location that can benefit the larger community. Services will include: Food Bank, The Location of the building is in an underserved neighborhood with limited food options. Life Style Education- It would be desirable to introduce "Blue Zone" education. ESL our area is increasingly growing in various language groups- each of these desire ESL

As Partnership grows with AHS it would be desirable to provide a family practice clinic. We see a need for dental care for the target community. As services grow this is an area we would like to develop in the future.

The ideal build is an abandoned grocery store that has been vacant for 6 years. Its space would allow is to establish a partnership with a Thrift Store manager who is already running 4 successful outlets. He would like to work with us in providing avoidable items- largely clothing. We would sub-lease from him and work with other community partners most of which we currently share ministry goals, such as AA, GA, HART, WEAVE , Affordable Housing Sacramento. Winter Sanctuary and Transitional Housing for Homeless.

It is our desire to demonstrate a model service that can be repeated across our conference. In partnership with the Thrift Store we believe we can become sustainable with lower assistance in the future. \_\_\_\_\_

**TARGET GROUP:** First generation emigrants, low income language isolated families. Elderly who income has frozen at or near poverty levels. Unemployed- families that are homeless trying to keep the children in school- Thus we work with San Juan school district who has identified these families in need of support. Our district counted 1200 students living with families in cars two years ago. Many more couch surf and move from home to home.
